QuickCam® for Notebooks

PC • USB

A compact, portable, full-color web camera that's perfect for students, mobile professionals, and anyone who wants to stay in touch while on the road. It fits snugly to any notebook computer and does everything you'd expect a webcam to do.

A compact and portable USB camera designed specifically for notebook PC users. Add video to instant messenger services such as Yahoo! Messenger, MSN® Messenger and AOL Instant Messenger℠ (AIM). Capture still photos and videos instantly. Conduct video conferences from anywhere using Microsoft® NetMeeting®. The USB connection allows for easy set up and the included software makes the camera easy to use while away from home.

- Compact and portable
- Built-in notebook computer mount folds up to protect lens
- 360-degree rotation and tilt adjustment for easy subject framing
- Up to 640x480 pixel resolution

The Fun Way to Get Closer While Traveling
